February 15, 2021

Each year, the Vermilion County Health Department sponsors electronics collection events for residents of Vermilion County. It is especially important that the processor of the event accept CRT televisions and monitors.

The health department is looking for a company to accept, unload, sort, pack and load the items from our upcoming electronics collection events, which will take place on the morning of Saturday, May 8, 2021 and Saturday, October 16, 2021 in the main parking lot of the Danville Area Community College.

In 2020, we saw 627 vehicles at our one-day collection event, and collected 1,421 TVs and 320 computer monitors – please see the attached Collector’s Report for pounds (unfortunately, weights for TVs and monitors were combined.) In 2019, we saw 623 vehicles at our one-day collection event, and collected 1,205 TVs and 322 computer monitors. In 2018, we saw 597 vehicles at our one-day collection event, and collected 1,184 TVs and 253 computer monitors.

If you have any questions, please contact me at (217) 431-2662, ext. 243 or at dtoole@vchd.org.

Thank you,

Douglas F. Toole, B.S., LEHP, CPHA
Public Health Administrator

Vermilion County Electronics Collection Event
February 15, 2021

Contact: Doug Toole at (217) 431-2662, ext. 243 or dtoole@vchd.org

Seeking a company to accept, unload, sort, pack and load electronics (especially CRT televisions and monitors) during a collection event on the mornings of Saturday, May 8, 2021 and Saturday, October 16, 2021. The event will be held in the front parking lot of Danville Area Community College, 2000 East Main Street, Danville, Illinois.

The company is to have workers on-site at DACC from about 6:30 a.m. until the last of the collected items are loaded onto trucks.

The company is to coordinate with Dynamic Lifecycle Innovations of Wisconsin – the recycler that will be providing the pallets, boxes, packing materials, and trucks for the event – regarding acceptable items for the collection and how it is to be sorted, packed and loaded onto the provided trucks.

The electronics and other items collected at the event are to be removed from the Danville Area Community College grounds on Saturday, May 8, 2021 and Saturday, October 16, 2021.

The company is to provide skid-steers, forklifts (with adequate fuel), or comparable means of holding the items collected at the event, and loading them into the hauling vehicles. The company will also provide trained workers to operate the loading equipment.

The company is to provide workers to help with the sorting and packing of electronic items from the participants, and then loading them onto pallets, Gaylord cardboard boxes, or other means to hold the items collected at the event.

The company is to provide workers with appropriate personal protective equipment for their job functions, and liability and workers’ compensation insurance for any injuries they may receive at the event.

The company is to provide contact information for someone who can answer questions and handle situations that may arise on the day of the event.

Contact: Doug Toole at (217) 431-2662, ext. 243 or dtoole@vchd.org

As part of this agreement, the Vermilion County Health Department will provide promotion for the event, a 20-yard rolloff box (and its removal) to hold any waste items received at the event, portable toilets, and workers to help with traffic control and with unloading electronic items from participants’ vehicles at the event.

Volunteers from Keep Vermilion County Beautiful will help with traffic control at the event, and will accept freewill donations from participants, but there will be no charge to the participants for the event.

The Vermilion County Health Department would like the proposal to include the set costs for services provided for the event. We would prefer to not to use a “per-ton” or “per-truck” fee that would not be totaled until after the event.

The Vermilion County Health Department will need an invoice for all charges related to the May 8 event by June 30, 2021, and an invoice for all charges related to the October 16 event by November 17, 2021.

Proposals can be sent to:
Vermilion County Health Department
ATTN: Douglas Toole
200 South College Street – Suite A
Danville, IL 61832
dtoole@vchd.org

and must be received by March 1, 2021.

Please contact me at (217) 431-2662, ext. 243 or at dtoole@vchd.org if you have any questions.

Thank you for your time and attention!

Sincerely,

Douglas F. Toole, B.S., LEHP, CPHA
